Andrew Breitbart.

I'm at war with the mainstream media because they portray themselves as objective observers of reality when they're no such thing—they're partisan "critical theory" hacks who think they can destroy everything America stands for by standing on the sidelines and sniping at patriotic Americans with all their favorite slurs. They have nothing but contempt for the American people. They use all the weapons they have at their disposal to intimidate every one of us and force us to shut up and not to speak our minds.

Their days of doing this are over. They're dying because they hate much of America and what it has historically stood for. Then they moan that no one wants to consume their product, saying it's their business model that has just sold them short.

News flash to the media: *It's not your business model that sucks. It's you that suck.*

#Brexit

I'VE just mugged a 'Remain' supporter — I took £350 out of his wallet, but he didn't seem to mind.

I felt a bit sorry for him, so I gave half of it back, but only on the condition that he spent it on things I say he can and that everything he buys should have a picture next to it of me saying I'd paid for it. He agreed!

We are meeting again tomorrow to do the same thing. He said that it was a fantastic idea and that he wouldn't be able to survive without me.

Omar Mateen supported Hillary Clinton. Will Hillary be asked over and over again for the next 3 weeks to disavow?

Omar and I continued to have frequent conversations over the next few years. I last saw him at a dinner at his father's house in January. We talked about the presidential election and debated our views of the candidates that were running – he liked Hillary Clinton and I liked Bernie Sanders. This banter continued through texts and phone calls for several months. My last conversation with Omar was by phone in mid-May. He called me while he was at the beach with his son to tell me about a vacation he'd taken with his father to Orlando the previous weekend. He'd been impressed by the local mosque

Could it be because we're run by a corrupt political class that will stoop to anything to stop change? Surely not.

Why a Brexit will most likely not happen even if the public votes for it

Adam Payne

FACEBOOK LINKEDIN TWITTER EMAIL PRINT

Last week, Business Insider explained why the UK government doesn't have to pull the country out of the European Union even if the public votes for a Brexit on Thursday.

This is because the result of the upcoming EU referendum is not legally binding and what would follow a Brexit vote would purely be a matter of parliamentary politics

Angela Merkel can't wait 24 hours before dancing on the grave of #JoCoxMP for political grist. Shameful.

> "The exaggerations and radicalisation of part of the language do not help to foster an atmosphere of respect," Angela Merkel said in response to a question about the killing. "That's why we all value democratic game rules. And we know how important it is to draw limits, be it in the choice of speech, in the choice of the argument, but also in the choice of partly disparaging argument," she said on Friday.

ALL YOUR GAYS ARE BELONG TO US!
youtube.com/watch?v=PlqXgX...

> I'm a gay conservative and I love you. I went to a candlelight vigil and was absolutely appalled by the way they classified everyone into little groups and hijacked the event to talk about BLM and trans bathrooms and even the Illinois budget. Then they had an imam from the local mosque come up and speak about "how could this happen?" "What could make a person be filled with so much hate?" Honestly I was just shocked and I came away feeling even more depressed and less like a member of the supposed gay community. As a gay conservative in the arts, I have to somewhat keep my political views in the closet lest I be ostracized be all the other local musicians and artists. However, my boyfriend and I are both going to be voting for Trump and we are very seriously investigating concealed carry permits. Anyway, sorry for the long message just wanted to say that I appreciate all you do and I guess I needed to get a couple things off my chest

Mainstream media says Bilderberg is just an "expensive talking shop". Total crap. They created the euro.

> Bilderberg aims to "foster dialogue" between the US and Europe. That, and the whatever-you're-having-yourself nature of the agenda, tells you that it is simply an expensive talking shop. Given that virtually all the participants regularly share their views on these and many other issues with the rest of of us, it's highly unlikely that we are missing anything by being locked out.

Boris Johnson's comparison of the EU to Hitler and the Nazis is completely correct. #Brexit

Boris Johnson is being accused of hyperbo.e for comparing the EU to Adolf Hitler's plan for Europe because invok ng the threat of World War 3 if Britain leaves the EU as Cameron d d s comp etely reasonable)

Boris Johnson is completely correct

The European Union is basically what the Nazis envisaged for the continent post World War 2

In h s 1940 book The European Community Nazi Economics Minister and war crim na Wa ther Funk wrote about the need to create a "Centra European Union" and "European Econom c Area" arguing "There must be a readiness to subordinate one s own interests in certain cases to those of [the EC] "

Nazi academic Heinrich Hunke wrote "Classic national economy is dead community of fate which s the European economy fate and extent of European co-operation depends on a new unity economic p an"

Fellow Nazi Gustav Koen g observed "We have a real European Community task before us I am convinced that th s Community effort wil last beyond the end of the war "

Other top Nazis who ca led for the creation of a pan European federal econom.c superstate include R bbentrop Qu s ing and Seyss Inquart who spoke of The new Europe of sol darity and co-operation among a l ts peop e will find rapidly ncreasing prosperity once nat onal economic

No Democrat has ever run against a candidate like Trump. He overturns every settled ideological and temperamental expectation of normal politics. He will go after you with a ferocity we've never seen before, and the assault will be unremitting — yes, on the stump, in TV and radio ads, and in the debates, but also in 24/7 cable news coverage and an endless stream of infectiously quotable tweets, half of them capped by what's become this election cycle's all-purpose three-letter dismissal. Sad!

We removed the post below because it doesn't follow the Facebook Community Standards:

Donald Trump is not anti Muslim. He is anti ISIS. What Trump is trying to say is that Homeland Security can not differentiate which muslim is radical wanting to cause harm and which is a harmless refugee. This is why nothing gets done. We are too busy being politically correct. Who is willing to sacrifice their family's safety for the sake of political correctness? Are you? #TRUMP2016

Heterosexual women are a social construct.

Follow

Women feeling attraction to men is a social construct that men have tried their hardest to make actually a real thing. Women are naturally attracted to women, not men. Any attraction felt towards men is a product of social conditioning, and if we as a class are to truly achieve liberation, it has to collectively be unlearned.

All of this is completely correct. That's why it triggered so many people.

Alan Lee, a Hong Kong columnist for the English service of the *Hong Kong Economic Journal*,*EJ Insight*, has been utterly slated for an article that recently appeared on the site.

Titled *'Hey sisters, get real or die alone'* it claimed:

> **The only reason why an average woman over the age of 30 is still not married is because nobody wants to marry her.**

If an average woman can't get married by the age of 40 it's basically Armageddon for her. His deep thoughtful analysis continues. She will either be seen as a freak or a nuisance by people around her.

Politics is downstream from culture.

Arianna Huffington, who wanted to do the same kind of aweso[illegible] aggregating as Drudge. In the summer of 1997, a year after MSNBC and Fox News launched, Breitbart was invited to her Brentwood mansion and over spanakopitas and cocktea Arianna offered him a job. Pretty soon she couldn't get him to go home.

It was there that the conservative movement fused together in Breitbart's brain. He read Camille Paglia on academic politics and saw his whole life's obsession of the Complex's totalitarian power. He'd been living behind enemy lines ever since birth: the liberal fascism of the Hollywood elite, the left wing bias of the mainstream media, the Nazi fleeing German philosophers of his Orthodox Jewish father who had settled in LA and taken over higher education in order to destroy the coolest lifestyle in history and impose their Kurt Cobain like depressive nihilistic Marxism. The left knew what the right ignored. New York, Hollywood, and college campuses mattered more than Washington. The political war was all about culture. A barely employed autodidactic Gen X convert with an ADD diagnosis and an internet addiction was uniquely well armed to fight it.

For the next eight years Breitbart worked with Arianna and Drudge. He helped Arianna with her biggest coup getting a Clinton crony who had fabricated his war record disinterred from Arlington National Cemetery. Who needed 72 [illegible]

05/04/2016 – MUNICH, GERMANY – GIRLS SEXUALLY ASSAULTED IN POOL

Two 14 year old girls were approached at an outdoor pool in Neuperlacher Munich on Sunday and assaulted. The migrant male assailants, who were described as being 16 and 17 year old Syrians as well as a 19 year old Afghan repeatedly touched and squeezed the girls bottoms.

One of the girls was also kicked by the men. After the girls were able to escape the harassment they reported the incident to the police, who arrested the men. They were later released, according to the police report.

04/04/2016 – DELBRUCK, GERMANY – 14 YEAR OLD FORCED INTO SEX-ACTS

Two children were followed into a swimming bath changing room on Friday afternoon and sexually assaulted by two immigrant Afghanistan men, aged 25 and 20

While the younger 11 year old boy was able to hide from the men, they caught a 14 year old in the shower, and forced him to perform "sexual acts" on them against his will. Once the attack ended the boys alerted a lifeguard and police arrested the men at the pool, reports *Neue Westfalische*

Yes it does. The Supreme Court ruled that "hate speech" is a part of free speech. gazettextra com/20160328/prote ..

This is true for everything but political beliefs.

THE TRIBE DOESN'T GIVE A SHIT

The amateur dreads becoming who she really is because she fears that this new person will be judged by others as "different." The tribe will declare us "weird" or "queer" or "crazy." The tribe will reject us.

Here's the truth: the tribe doesn't give a shit.

There is no tribe.

That gang or posse that we imagine is sustaining us by the bonds we share is in fact a conglomeration of individuals who are just as fucked up as we are and just as terrified. Each individual is so caught up in his own bullshit that he doesn't have two seconds to worry about yours or mine, or to reject or diminish us because of it.

When we truly understand that the tribe doesn't give a damn, we're free. There is no tribe, and there never was.

Political correctness is putting our physical safety at risk.

Don't expect Lauvergnac or any of her allies to face police action for encouraging criminal behavior or glorifying terror sm Po ice in the UK are too busy arresting people who make tweets crit cal of immigration policy

Yes that's right, while potentially hundreds of ISIS j hadists roam Europe looking for their next target, British police are wasting the r time arresting a man n Croydon on "suspicion of inc ting racial hatred on social media"

Apparently Islam is now a race and vehement criticism of it is now a thought crime.

To be clear, Matthew Doyle tweeted that he had approached a Muslim woman on the street and asked her to "exp ain Brussels" but he was not arrested for street harassment, he was arrested for tweeting things such as, "no more Muslim migration"

50% of ISIS supporters indicated in a poll that they would like to see the terror group attack the UK next.

With British police seem ngly more concerned about offensive tweets than actual terrorists it's probably a good idea to avoid London for the foreseeable future.

And the coward.

THE AMATEUR LIVES BY THE OPINIONS OF OTHERS

Though the amateur's identity is seated in his own ego, that ego is so weak that it cannot define itself based on its own self-evaluation. The amateur allows his worth and identity to be defined by others.

The amateur craves third-party validation.

The amateur is tyrannized by his imagined conception of what is expected of him.

He is imprisoned by what he believes he ought to think, how he ought to look, what he ought to do, and who he ought to be.

William The Terrible: idiot eternal

16 March 2016

William The Terrible: idiot eternal

CNN reports today that Prince William endorses the shooting/killing of old 'infirm animals' termed 'wildlife' because they are not in cages. He claims it is OK if the animal is infertile or past its best. Since all of these terms apply to the Queen - is William suggesting that she, too, should be shot?

Indefatigable in their love of killing, the Bor Family above any other have driven many species to near extinction, yet they are exempt from charges of poaching or trafficking or murder because - well, because they are the family most feared by the UK press.

Who made this family royal? You? No. Me? No. Themselves? Yes.

There is no mention on today's BBC news of William's badge-of-the-brute thumbs-up for killing, and Kensington Palace refuses to comment. After all, what could they possibly say? Like us, they surely hear William 'as an ass'.

Lion's Guard

Do you want to provide security protection to innocent people who are subjected to harassment and assault by Far Left agitators? If so, you are welcome to join. That's the mission - to protect innocents who can't hire their own security guards. We are unarmed, but willing to forcefully protect people if need be. We are *defensive* *protective* of innocents who are being beaten and harassed for their political views.

Imagine the outrage if a black Bernie supporter had been on the receiving end of this.

- A single white Trump supporter who held up a sign and stood quietly as three dozen people surrounded him, smiling and screaming, snatching and pushing at him until he had to run for police cover. Someone grabbed his American flag and threw it on the ground and he fought to recover it. The police escorted him away

Advocating imminent violence against people in your audience is a legitimate legal reason to take away your speech rights.

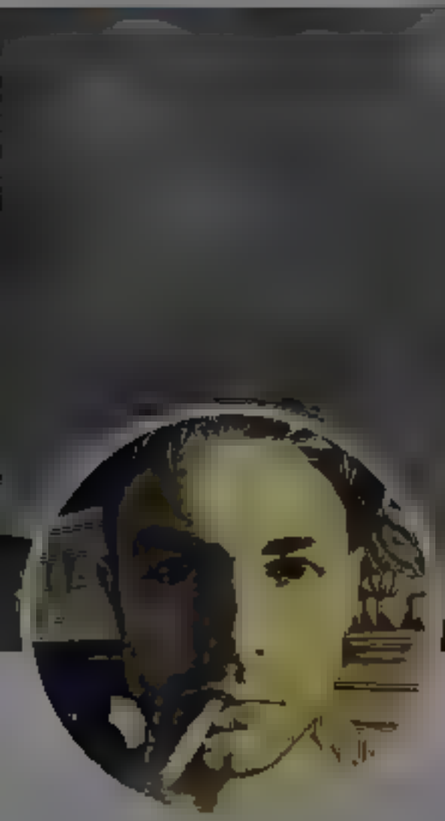
According to Natha ie who has wo ked with Arabs the men were about 30-35 years o d and spoke Arabic which she believes is the Syr an dialect One of them was wearing a white baseba cap and the others reg ar winter caps.

"Swedish wh ore!"

My fr end, whom I had earlier fo owed to the bus stop, had observed a bunch of fore gn guys at the bus stop after I walked away Some of them climbed a board the bus but hree or four remained here Nat alie said

In addition to speaking Arabic, the men used a few simple insulting expressions in Swedish during the attempted gang rape.



"It was only dirty words. 'Swedish whore' or 'Swedish slut' and 'cunt'. No full sentences. In my impression, they spoke no Swedish except these words, so I assume they were asylum seekers."

Bernie Sanders: White people "don't know what it's like to be poor."

act. Most poor people in the United States are white

According to Census figures in 2013 18.9 million whites are poor. That's 8 million more poor white people than poor black people, and more than 5 million more than those who identify as Latino. A majority of those benefiting from programs like food stamps and Medicaid are white too.

Leftist admits he has "allies" inside Facebook who protect him from being banned when he spouts racism.

Tim Wise

The losers who reported me to FB for an innocuous statement a few weeks ago about white folks "salty tears" over Beyonce thought they had won a victory when FB removed the comment and banned me for a week But here's the thing. I have allies at FB and the Nazis who reported me don't. So the "ban" lasted about five hours (and that was only because I was on a plane for much of that time), and now I'm back and being protected. So keep it up Nazis. White supremacy will die and we can do this easy or difficult I don't care which, by the way...Wanna play fascists? We can do this, and I assure you, when it is over, you will lose...

Vegan refuses to attend her own mother's funeral because they served meat.

how my mom died why im not going to her funeral

So as you guys may know I haven't had the best relationship with my mom She's an insufferable bitch didn't respect my veganism, had the audacity to cook BACON and EGGS in my house and ultimately just made me extremely angry all the time. I even moved out for a while but then I moved back in
Anyways, she's not with us anymore I guess. Which kind of sucks but what can you do. Basically she had a cardiary infraction and had to go to the hospital. They revived her which was good but then they put her on some pills So when she came home, she explained to us that she needed the pills to stay healthy My grandparents came down for a while to help with this. So, here's the problem Pills are almost always made with gelatin which as you may know comes from cow bones. And that's wrong. I wanted to help my mom be less cruel AND I knew that being vegan helps your heart, so I looked up homeopathic remedies that would help with heart issues. I ordered them for her threw out her old murder pills and replaced them with the homeopathic pills made from pectin instead of gelatin. And she didn't seem to notice for a while, but then like a couple of months later she had another cardiary infraction and this time the scarring in her pulmonary tubes was too severe and we lost her
And I didn't go to her funeral. And you're probably thinking wow, what a horrible person, she didn't go to her own mothers funeral. But I didn't go for two reasons: 1 I knew they would serve meat as a snack and that's fucking ridiculous And 2) my own family accused me of somehow hurting her by replacing her murder gelatin death evil pills with the good vegan heart healthy pectin pills. But that's literally retarded because all they could have done was help her So. Yeah Felt good getting that off my chest.
Also I dropped out of college, which kind of sucks but I have a new job now as a waitress at a cute vegan cafe. So that's good! I hope u guys have been alright, I'll answer any questions if you have any!

I will always speak the real truth of Islam, become muslim or die its as simple As that. We will try to kill you all you will try to stop us and there will be one winner left standing. There is no sutch thing as a moderate muslim only a fake one with no balls. The real Muslims convert or kill. We will have our own caliphate soon enough and when we are done with the Middle East we will march on Europe. Do you know how many fighters we sent into Europe with the "refuges" it has Allready begun so prepare yourself for war

compassionate human being have the milk of human kindness in their hearts
they value the lives of their children, call it gender [illegible] they love [illegible] and
deserve to be safe - not taking anything away from protecting THEIR OWN rights
or rights of others. Most of all, strong women are not those who are [illegible]
anyone else down to make themselves feel stronger or appear better.

No wonder real strong women value their children despise these
pusillanimous hypocrites who demand respect but show nothing worth
respecting. And to give it respect to others. Most of today's feminists are NOT strong women. In fact, I don't think they've progressed beyond
childhood.

Left-wing woman gang-raped by 3 migrants apologizes to them for Germans being racist. I truly despair.

A 24-year-old woman and speaker for the German 'Left Youth' party was gang-raped by 3 immigrants on January the 27th. In the city of Mannheim. The main police are still carrying out their investigation but on January the 30th the woman wrote an apology on Facebook addressed to the immigrants who allegedly raped her. Here's a few excerpts from the now-deleted post. "Dear male Refugees. You are probably my age. Probably a few years younger. Maybe older. I am so terribly sorry. I did not see what happened before and I did not experience your gruelling escape." "I am glad and happy that you made it here. That you have left the IS and its war behind and that you didn't drown in the Mediterranean sea. But I fear that you are not safe here." "Burning refugee centers, violent attacks on refugees on the street and a brown mob in the streets. I have always fought against this situation." "I wanted an open Europe, a friendly one. One in which I like to live, one in which both of us are safe. I am so sorry. For both of us I am so unbelievably sorry."

Mr. Fry needs to remember his own words and not let the professionally outraged scare him away.

It's now very common to hear people say, "I'm rather offended by that."

As if that gives them certain rights. It's no more than a whine. It has no meaning, it has no purpose. It has no reason to be respected as a phrase.

"I'm offended by that."

Well, so fucking what?

I live in Sweden, and the goverment blocked this article on the swedish internet, I had to go to Denmark to read the article, I cant believe that, this is the biggest proof that we dont have free press here in Sweden.

"But Twitter is a private company - it can censor who it l kes."

Here's the problem with that Both Twitter and Facebook are col uding with governments to h·nt down "hate speech"

Such "hate speech" has nc·uded a Dutch man who said his country's open border policy was a "bad plan" and a Danish man who compared rad cal slam to Naz sm

Social media o.trage mobs are a.so trying to re-define "harassment" to include d sagree ng with fem n sts and cal ng social justice warriors "l ars"

f we al ow Twitter and Facebook to broaden the definition of what constitutes "harassment" and "hate speech " we open the door for government repress on of free speech

Standards set onl ne are be ng m rrored in the real world hand ng the state the precedent to punish peop e for egitimate speech

Th s is why soc al media censorship of v ewpoints critiques and even words needs to be v gorous y opposed by everyone who cares about both d g tal and real world freedom

Hey @Independent - these kind of absurd headlines are why no one reads your newspaper. Delete your website too.

Why are those rushing to condemn Muslim men so silent on Roosh V and the global oppression of women?

In recent months, disparate groups of men have styled themselves as defenders of European women against the threat of Muslim men, from the European far-right, to Hindu fundamentalists in India, to the British public intellectual and atheist Richard Dawkins

Eight things feminists need to understand.

EIGHT THINGS FEMINISTS NEED TO UNDERSTAND

1 The entire world is not a conspiracy to oppress you. No one owes you anything

2 People dislike you **not** because of your gender, race, sexual orientation, etc., but because you're insufferable as an individual

3 Biology has a **very** profound influence on gender roles To claim otherwise is to exit reality

4 You should get a **real** job instead of leaching off donations or co-opting existing creations because you lack the ability to create anything worthwhile

5 You are **not** advocating positive social change You are **not** special. You are divisive, hateful & reinforce barriers between all peoples.

6 An ideology that can only survive by regurgitating repeatedly debunked lies in "*safe space*" echo chambers deserves to perish as it cannot withstand scrutiny of the open marketplace of ideas

Another migrant sex attack in Cologne.

07/02/2016 – COLOGNE, GERMANY – WOMAN JUMPED BY GANG

The daughter of a prominent Cologne musician was jumped by a gang who beat her in the face and tore off her clothes. Although there was a number of other people in close proximity to the attack, none responded to the 26 year old woman's cries for help. Worse when she managed to escape to a nearby bar for aid she was thrown out by the landlord who said he didn't want any trouble at the establishment

Police managed to apprehend one suspect, who has been named only as Yussuf B. Police will also be visiting the bar to investigate their failure to render assistance to the woman, reports *Express*.

Danish police withheld fact that Islamist gunman was carrying gold-plated Koran.

08/02/2016 – COPENHAGEN, DENMARK – ISLAMIST GUNMAN KILLER WAS CARRYING QUR'AN

Pakistanian origin Omar E. Hussein who pumped thirty rounds in a Danish freedom of speech convention and a Synagogue in February last year was carrying a gold illuminated Qur'an at the time of his death. Police examination of his corpse after he was shot and killed by police officers found the bookmark to be placed at a passage dealing with the treatment of disbelievers and worshippers of idols, a fact that has been kept secret by police until now, reports *Berlingske*

Danish lawmakers have expressed surprise that the police had chosen to withhold this information for so long

Why are those rushing to condemn Muslim men so silent on Roosh V and the global oppression of women?

In recent months, disparate groups of men have styled themselves as defenders of European women against the threat of Muslim men, from the European far-right, to Hindu fundamentalists in India, to the British public intellectual and atheist Richard Dawkins.

Delightfully clever. Refugee activist & feminist Emma Watson challenged to spend a week in the Calais migrant camp.

In order to show how safe current m gration s to Europe particularly regarding the cause of feminism (I reject wholehearted y the notion that North Afncan and Midd e Eastern m grants are unsafe and rap sts). Emma Watson should spend a week's holiday n a Ca ais m grant camp, without guards of course, to show how safe, and how pro fem nism these m.grants are

quoting Professor X? Oh *no*, not really!"—followed by a sarcastic chuckle intended to convey that Professor X had been thoroughly discredited. (By whom? Blank out.)

Such teachers are frequently assisted by the "liberal" goon squad of the classroom, who burst into laughter at appropriate moments.

In our political life, the Argument from Intimidation is the almost exclusive method of discussion. Predominantly, today's political debates consist of smears and apologies, or intimidation and appeasement. The first is usually (though not exclusively) practiced by the "liberals," the second by the "conservatives." The champions, in this respect, are the "liberal" Republicans who practice both: the first, toward their "conservative" fellow Republicans—the second, toward the Democrats.

All smears are Arguments from Intimidation. they consist of derogatory assertions without any evidence or proof, offered as a substitute for evidence or proof, aimed

SJWs in a nutshell.

COUNTERFEIT INDIVIDUALISM 161

What Toohey knew—and what students of Objectivism would do well to understand—is that such subjectivists, in their rebellion against "the tyranny of reality," are less independent and more abjectly parasitical than the most commonplace Babbitt whom they profess to despise. They originate or create nothing, they are profoundly *selfless*—and they struggle to fill the void of the egos they do not possess, by means of the only form of "self-assertiveness" they recognize: defiance for the sake of defiance, irrationality for the sake of irrationality, destruction for the sake of destruction, whims for the sake of whims.

A psychotic is scarcely likely to be accused of conformity; but neither a psychotic nor a subjectivist is an exponent of individualism.

The majority of people's opinions are beholden to the fear of other people's disapproval.

THE ARGUMENT FROM INTIMIDATION 165

A social metaphysician is one who regards the consciousness of other men as superior to his own and to the facts of reality. It is to a social metaphysician that the moral appraisal of himself by others is a primary concern which supersedes truth, facts, reason, logic. The disapproval of others is so shatteringly terrifying to him that nothing can withstand its impact within his consciousness; thus he would deny the evidence of his own eyes and invalidate his own consciousness for the sake of any stray charlatan's moral sanction. It is only a social metaphysician who could conceive of such absurdity as hoping to win an intellectual argument by hinting: "But people won't *like* you!"

Ayn Rand predicted #BlackLivesMatter 50 years in advance.

seem to possess enough concern with principles to realize that they are cutting the ground from under their own feet. Men who deny individual rights cannot claim, defend or uphold any rights whatsoever. It is such alleged champions of capitalism who are helping to discredit and destroy it.

The "liberals" are guilty of the same contradiction but in a different form. They advocate the sacrifice of all individual rights to unlimited majority rule—yet posture as defenders of the rights of minorities. But the smallest minority on earth is the individual. Those who deny individual rights cannot claim to be defenders of minorities.

This accumulation of contradictions, of shortsighted pragmatism, of cynical contempt for principles, of outrageous irrationality, has now reached its climax in the new demands of the Negro leaders.

Instead of fighting against racial discrimination, they are demanding that racial discrimination be legalized and enforced. Instead of fighting against racism, they are demanding the establishment of racial quotas. Instead of fighting for "color-blindness" in social and economic issues they are proclaiming that "color-blindness" is evil and that "color" should be made a primary consideration. Instead of fighting for equal rights, they are demanding special race privileges.

#OscarsSoWhite

Black actors/actresses in Oscars in the last 20 years:

-10% of best supporting actor winners were black
-20% of best supporting actresses were black
-15% of best leading actors were black
-5% of best leading actresses were black

When you count an average percentage (10+20+15+5):4 you get 12,5% So black people are almost perfectly represented in winners, considering their share in the population is 12,8%! Congratulations Academy, you are damn near perfectly

Socialism is a rebellion against reality itself.

the naked essence and goal of the doctrine of the divine right of stagnation

Capitalism, by its nature, entails a constant process of motion, growth and progress. It creates the optimum social conditions for man to respond to the challenges of nature in such a way as best to further his life. It operates to the benefit of all those who choose to be active in the productive process, whatever their level of ability. But it is not geared to the demands of stagnation. *Neither is reality.*

When one considers the spectacular success, the unprecedented prosperity, that capitalism has achieved in practice (even with hampering controls)—and when one considers the dismal failure of every variety of collectivism—it should be clear that the enemies of capitalism are not motivated, at root, by economic considerations. They are motivated by *metaphysical* considerations—by a rebellion against the *human* mode of survival, a rebellion against the fact that *life is a process of self-sustaining and self generated action*—and by the dream that, if only they can harness the men who do *not* resent the nature of life, they will make existence tolerable for those who *do* resent it.

baby boy, I ask you to picture your own outrage and revulsion. Ah, but I have my explanation all ready. I am a mohel, an appointed circumciser and foreskin remover. My authority comes from an ancient text, which commands me to take a baby boy's penis in my hand, cut around the prepuce, and complete the action by taking his penis in my mouth, sucking off the foreskin, and spitting out the amputated flap along with a mouthful of blood and saliva. This practice has been abandoned by most Jews, either because of its unhygienic nature or its disturbing associations, but it still persists among the sort of Hasidic fundamentalists who hope for the Second Temple to be rebuilt in Jerusalem. To them, the primitive rite of the *peri'ah metsitsah* is part of the original and unbreakable covenant with god. In New York City in the year 2005, the ritual, as performed by a fifty-seven year old mohel, was found to have given genital herpes to several small boys, and to have caused the deaths of at least two of them. In normal circumstances, the disclosure would have led the public health department to forbid the practice and the mayor to denounce it. But in the capital of the modern world, in the first decade of the twenty-first century, such was not the case. Instead, Mayor Bloomberg overrode the reports by distinguished Jewish physicians who had warned of the danger of the custom, bureaucracy to postpone any ver-

SJW says "no evidence" Cologne attackers are migrants (over half of those arrested are newly arrived migrants).

Carlos 500
How does the footage clearly show that they are Arab? The narrator clearly shows that he is Canadian or Finish or Danish and yet has an English accent. There is no evidence that they are migrants at all.
I agree the acts of these men are abhorrent that goes without saying and action needs to be taken and the video footage used in order to catch those involved. However I also get the feeling that this footage is a good excuse for those with a strong dislike of refugees to action their underlying racist views and rationalise and strengthen their hostile beliefs
Reply

Paul Joseph Watson
+Carlos 500 Are you completely stupid? The eyewitnesses said they were Arab and North African. The police reports said they were Arab and North African. The majority of those arrested were recently arrived refugees.
